5G WIRELESS TECHNOLOGY

PRESENTED BY :

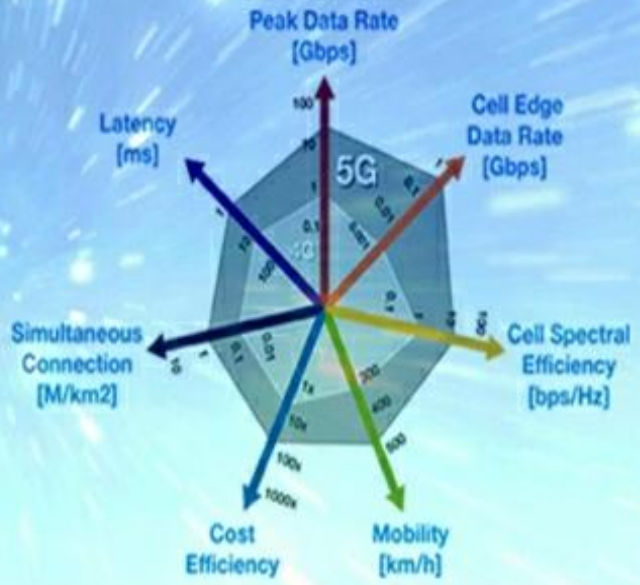
Shradha Ketkale.

Content

- Introduction
- Comparison of 1G to 5G wireless technology
- Vision of 5G wireless technology
- Features of 5G wireless technology
- Major challenges
- Conclusion

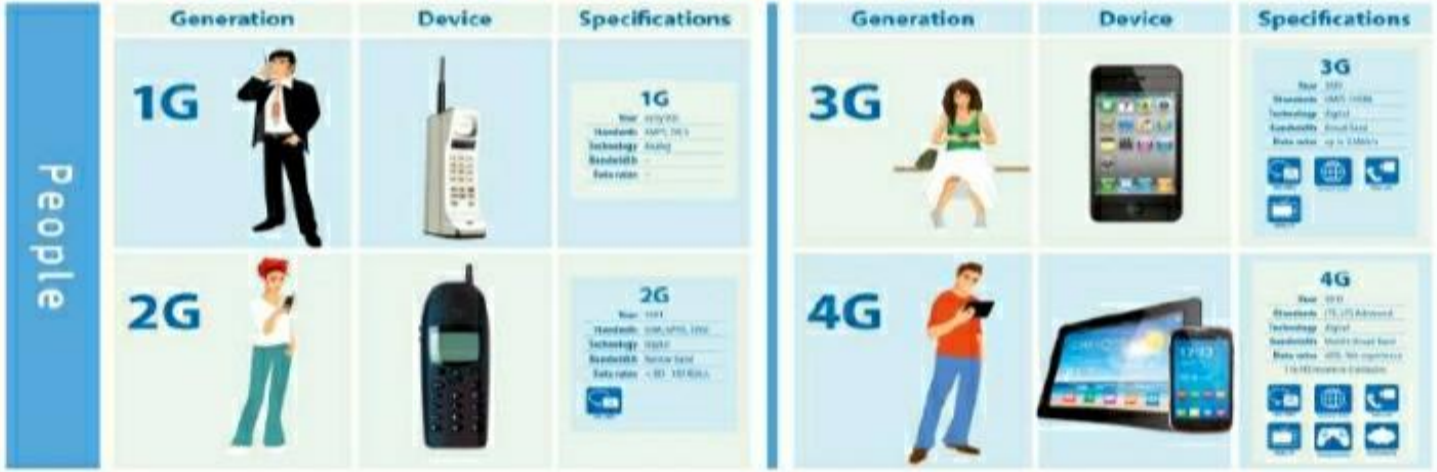
Introduction
5G

Vision of 5G Wireless Technology



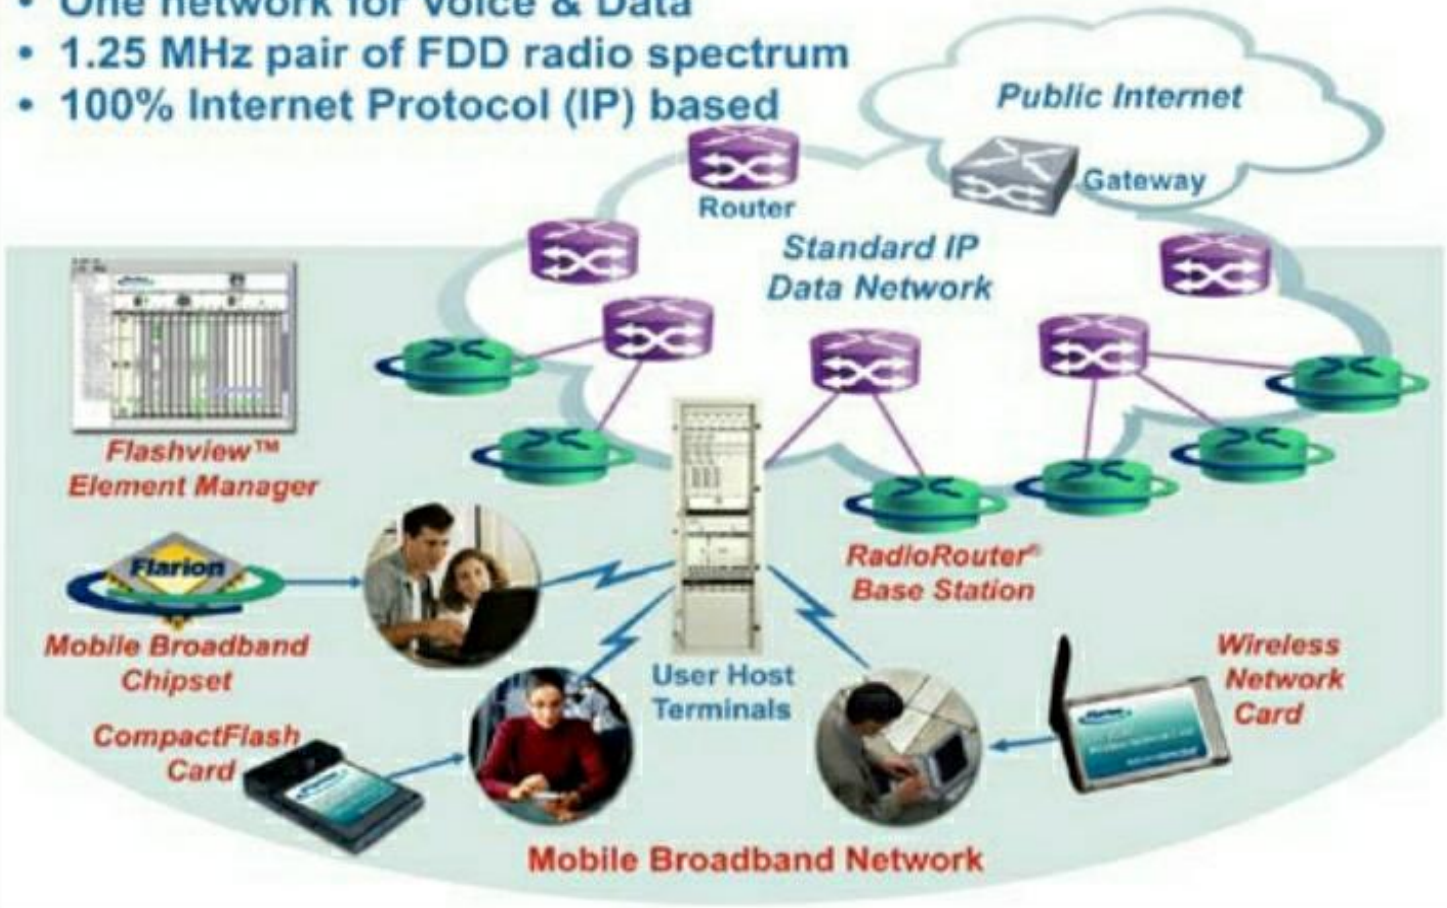
Router and Switch Technology
5G Terminal
5G Terminal
5G

Mobile Communication : 1G to 4G

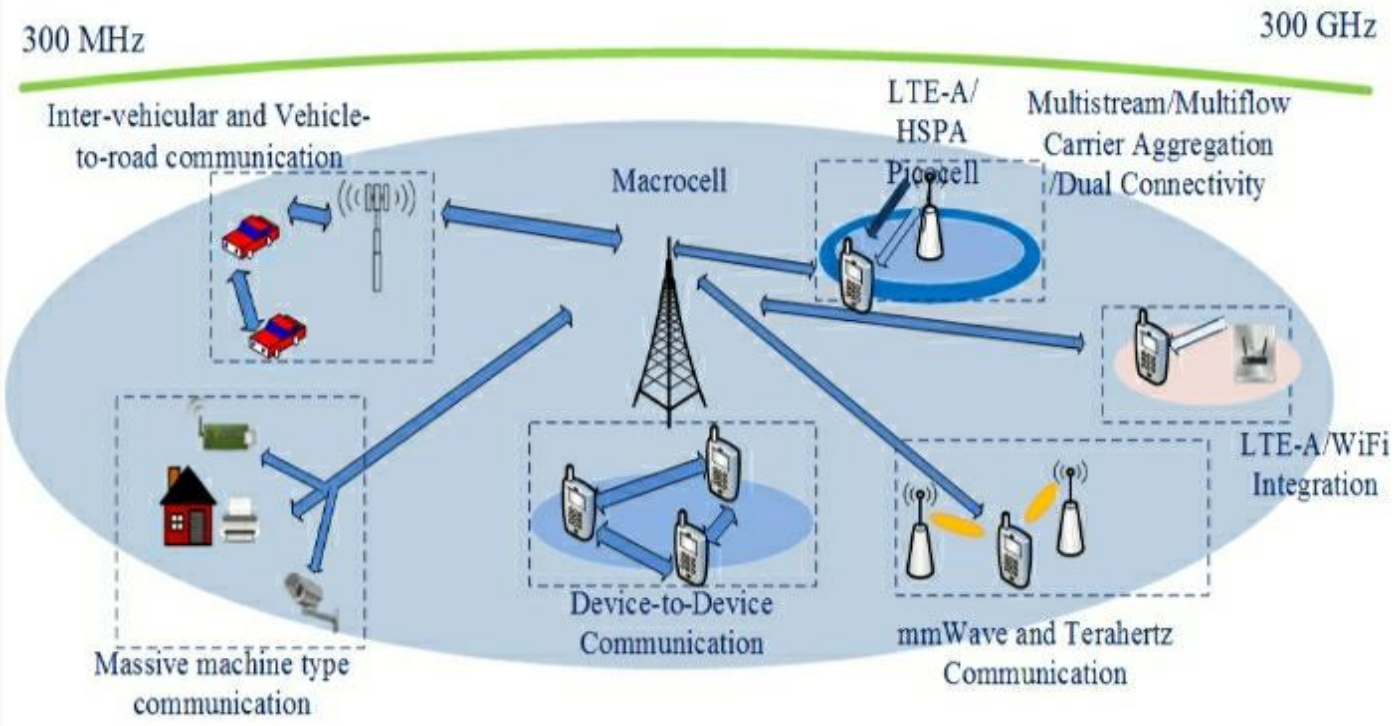


Features of 5G

- One network for Voice & Data
- 1.25 MHz pair of FDD radio spectrum
- 100% Internet Protocol (IP) based



Applications :



THANK YOU
